The Clerk of the Legislative Assembly read the following certificates, which had been delivered to him by the Clerk of the Executive Council:

TO THE CLERK OF THE LEGISLATIVE ASSEMBLY
OF THE PROVINCE OF ALBERTA:

This is to certify that by virtue of a Writ of Election, dated the Fourteenth day of June, 1924, issued by His Honour the Lieutenant Governor and addressed to Samuel Harris, Esquire, of High Prairie, as Returning Officer for the Electoral Division of Grouard, for the election of a Member to represent the said Electoral Division in the Legislative Assembly of Alberta in the room of the Honourable Jean Leon Cote, by reason of whose resignation, since his election as representative of the said Electoral Division of Grouard, the said seat has become vacant; Leonidas Alcidas Giroux has been returned as duly elected to represent the said Electoral Division, as appears by the Return to the said Writ of Election, which is now lodged of record in my office.

TO THE CLERK OF THE LEGISLATIVE ASSEMBLY
OF THE PROVINCE OF ALBERTA:

This is to certify that by virtue of a Writ of Election, dated the Eighteenth day of September, 1924, issued by His Honour the Lieutenant Governor and addressed to William J. Jackman, Esquire, of Bremner, as Returning Officer for the Electoral Division of Edmonton, for the election of a Member to represent the said Electoral Division in the Legislative Assembly of Alberta in the room of the Honourable John Robert Boyle, by reason of whose resignation, since his election as a representative of the said Electoral Division of Edmonton, the said seat has become

vacant, William Thomas Henry has been returned as duly elected to represent the said Electoral Division, as appears by the Return to the said Writ of Election, which is now lodged of record in my office.

(*Sgd.*) JOHN D. HUNT,
Clerk of the Executive Council.

The Honourable Chief Justice Harvey, Administrator of the Province of Alberta, entered the House, and, having taken his seat on the Throne, was pleased to open the Session by the following gracious speech:

SPEECH FROM THE THRONE.

“MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY:

“It gives me great pleasure to welcome you on your assembling for the discharge of your legislative duties at this the opening of the Fifth Session of the Fifth Legislative Assembly of Alberta.

“It is fitting at this time to recall that since the last Session of this Legislature the Province has sustained a deep loss in the death of Chief Justice Scott.

“I also recall with sorrow the death of Senator Jean Cote, who for many years served the Province faithfully and well as a Minister of the Crown and a Member of the Legislative Assembly.

“During the past year, two vacancies in the Legislature have been filled, and I am pleased to welcome Mr. L. A. Giroux, the representative for Grouard, and Mr. W. T. Henry, the representative for Edmonton, who fills the vacancy caused by the resignation of the Honourable J. R. Boyle, former Leader of the Opposition, whom I congratulate upon his appointment to the Bench.

“Unfortunately, during the last season adverse farming conditions have again prevailed in certain parts of the Province, calling for some form of relief. With the co-operation of the Federal Government and the Railway Companies, free transportation has been provided for settlers, with their stock and equipment, who desire to move to more favourable locations.

“Although throughout the Province the yield of grain fell short of the record of the previous year, it is gratifying to know that (except in districts where the crop was below the average) improved prices will largely compensate for the reduced yield.

“There is also a continued improvement in the quality and a marked increase in the volume of our dairy products. But perhaps the most notable development of the year is the interest displayed by our people in the co-operative marketing of the products of the farm. The adoption of more effective methods of marketing cannot fail to bring larger returns to the farmer, which, in turn, will result in a general improvement in business.

“A considerable amount of temporary unemployment prevails throughout the Province. Efforts have been made by my Government to alleviate the resulting distress, and also to provide work. We look forward to an early improvement in industrial conditions with an increased demand for labour.

“Special attention has been given to the transportation needs of the Peace River territory, and an announcement by the Railway Companies, as a result of a conference of members of my

Government and the Dominion Government with representatives of the Canadian Pacific and the Canadian National Railways, is confidently awaited in the belief that the transportation difficulties, which handicap the development of the north country, will be removed.

"Legislation providing for an extension of the Lacombe and North Western Railway for approximately twenty miles will be submitted for your consideration.

"The Province of Alberta is vitally interested in the success of the various irrigation projects within its borders, some of which present problems of considerable difficulty. To assist in this solution, a noted authority on irrigation is now making, on behalf of my Government, a study of irrigation in this Province, with special regard to the Lethbridge Northern Irrigation District. His report will be submitted to the Legislature at this Session.

"At the request of my Government, engineers of the Ontario Hydro-Electric Commission have enquired into the possibilities of power development at Spray Lakes. An interim report has been received, and we are assured that the final and complete report will be available at an early date.

"Close attention has been given to the development of Provincial highways under the Highways Scheme of last year, and excellent progress in the construction of more permanent Provincial highways has been made during nineteen twenty-four.

"Appreciating the necessity of the careful selection and the advantage of training of immigrants, my Government, in co-operation with the Imperial Government, has reopened the Vermilion School of Agriculture, where fifty-seven young men from Great Britain are now receiving elementary agricultural instruction.

"Owing to the unsettled conditions in the mining industry, the appointment of the Alberta Coal Commission was delayed. The terms of reference call for a thorough and searching enquiry; and, while considerable preliminary work has been done, it is not anticipated that the work of the Commission will be completed in time to permit of a report being submitted to the Legislature at this Session.

"Negotiations with the Dominion Government have been continued for the securing for the Province of control of its natural resources, and have proceeded to a point where an early and final settlement of this long-standing question may reasonably be looked for.

"Legislation will be submitted providing for the consolidation under one Department of the Government of all branches of administration pertaining to Child Welfare.

"You will be asked to consider legislation dealing with certain important amendments to existing Statutes.

"The annual reports of the various Departments of the Government will be presented to the House in due course. The Public Accounts for the last fiscal year will be placed before you, and the Estimates of Expenditure for the current fiscal year will be submitted for your consideration.

"I now leave you to the business of the Session, with full confidence that your deliberations will be governed by consideration for the best interests and welfare of the Province."

The Honourable Chief Justice Harvey, Administrator of the Province of Alberta, then retired from the House.

Ordered, That the Honourable Mr. Greenfield have leave to introduce a Bill respecting the Administration of Oaths of Office to Persons appointed as Justices of the Peace.

Ordered, That the Bill be read a First time.

The Bill was then read a First time.

Ordered, That the Bill be read a Second time on Friday next.

On the motion of the Honourable Mr. Greenfield, seconded by the Honourable Mr. Brownlee:

On the motion of the Honourable Mr. Greenfield, seconded by the Honourable Mr. Reid:

Ordered, That the Votes and Proceedings of this House be printed, having first been perused by Mr. Speaker, and that he do appoint the printing thereof, and that no person but such as he shall appoint do presume to print the same.

Which said several Committees shall severally be empowered to examine and enquire into all such matters and things as shall be referred to them by the House and to report from time to time their observations and opinions thereon with power to send for persons, papers, and records.

FRIDAY, FEBRUARY 20, 1925.

The Speaker took the chair at 3 o'clock.

Mr. Leonidas Alcidas Giroux, Member for the Electoral Division of Grouard, having previously taken the oath and subscribed to the roll, was introduced to the Speaker by the Honourable Mr. Mitchell and Mr. Dechene, and took his seat.

Mr. William Thomas Henry, Member for the Electoral Division of Edmonton, having previously taken the oath and subscribed to the roll, was introduced to the Speaker by the Honourable Mr. Mitchell and Mr. McLennan, and took his seat.

The Hon. Mr. Reid rose to a Question of Privilege and complained of an article appearing in the Calgary Herald newspaper, issue of February 18, 1925, which stated that the Budget of 1924 would balance with the profits derived from the Alberta Liquor Act, and that this information had been given by a Cabinet Minister.

The Hon. Mr. Reid stated that the report was untrue and that no Minister of the Government had given such a statement to the press.

Moved by Mr. Stringam, seconded by Mr. Matheson:

That an humble address be presented to the Honourable the Administrator of the Province of Alberta, as follows:

"To THE HONOURABLE CHIEF JUSTICE HARVEY,

"Administrator of the Province of Alberta:

outlet, representatives of the Canadian Pacific Railway and the Canadian National Railway systems are now considering the situation;

That all the words in the Resolution after the word "that," where the same first occurs, be struck out and the following substituted therefor:

That, whereas the Budget containing the estimates of revenue and expenditure (on income account) provide for an expenditure during the year 1925 of an amount in excess of the actual expenditures of the preceding year by approximately a half million dollars, thereby constituting the highest expenditure in the history of the Province;

And, whereas the estimated revenue for the current year, raised in large part by means of taxation, licensing and other imposts will, when collected, be the largest revenue obtained in any preceding year by the sum of approximately three-quarters of a million dollars;

And, whereas the estimated deficit for the current year (including telephone deficit) amounts to the sum of \$508,808.51 according to the statement of the Provincial Treasurer;

And, whereas the economic condition of the Province and the public interest demands that curtailment of expenditure be immediately effected if increased taxation is to be avoided;

Therefore, this House doth view with disappointment the fact that, notwithstanding the circumstances above enumerated, the Government has neglected to adopt a vigorous policy of retrenchment, and recommends that before proceeding further with supply, the estimates be referred to the Government for further consideration and reduction in the expenditure in a sum of at least \$600,000.00.

The Hon. Mr. Ross, a Member of the Executive Council, by command of His Honour the Lieutenant Governor, laid on the table of the House the Annual Report of the Department of Public Works for the year 1924. (*Sessional Paper No. 9.*)

The Hon. The Premier read to the House the following statement respecting the distribution of the Liquor Profits, and laid same on the table of the House. (*Sessional Paper No. 32.*)

"Representations were made to the Government last year by representatives of the cities, urging a distribution of liquor profits.

"It was definitely understood at that time that no distribution would be made in 1924.

"The Government anticipated that it would be possible to distribute a percentage of profits in 1925, and some discussion of the question took place between the Government and representatives of the Urban Municipalities, and later, in the discussion of the Liquor Bill in Committee, as to the basis of distribution.

"It is also true that the Government, through myself, on March 7, 1924, in the discussion of the Liquor Bill in Committee, stated its intention to make an equivalent adjustment of other revenue now collected in the cities if it was then thought advisable to retain all the liquor profits in 1925.

"We were disappointed in some large items of revenue in 1924 and cannot yet point to a balanced Budget.

"After making a fair estimate of all sources of revenue for 1925, including liquor profits, the Budget for 1925 shows an estimated deficit of \$368,000.00.

"The Government is therefore faced with one simple question: Is it sound business policy to take a substantial part of the Provincial Revenue and hand it over to the Municipalities, thereby increasing the Provincial deficit by that amount?

"The distribution, if made, would have to be distributed to all municipalities, urban and rural.

"It would not mean a substantial amount to any one municipality.

"There is considerable objection by Rural Municipalities to any policy of distribution of liquor profits, and such a policy by no means meets with the entire approval of city people.

"If distribution was made, additional taxation would have to be imposed to make up deficiency in Provincial Revenues.

"The Government is anxious to avoid increases in taxation, and it is clear that a policy of division of Provincial Revenues should not be adopted until it can be done without leaving a largely increased deficit.

"Even if a distribution of liquor profits was made this year, anticipated increased expenditure in working out the problem of the Lethbridge Northern Irrigation District and the several Drainage Districts that have been under review during the past year will make the continuation of a policy of distribution extremely doubtful if not impossible.

"While the Government regrets that it cannot see its way to carry out its intention in this regard, it is firmly of the opinion, after considering all the circumstances as they present themselves today, that a policy of distribution of liquor revenues would not be in the best interests of the Province."

Whereas, there is a general and widespread dissatisfaction with the present system of grading grain, particularly wheat, the predominating sentiment being that the present system is obsolete and should be replaced by a scientific system such as would place values or grades outside the category of doubt and guard against the possibility of the same grain being graded differently by different persons or different interests; and,

Whereas, there is a strong and constantly increasing demand among grain growers that grades should be established on the milling value of wheat, based particularly on the protein content; and,

Whereas, the Turgeon Report is now before the Federal Government;

Moved by Mr. Dechene, seconded by Mr. McLennan:

That whereas it is in the best interest of this Province that all possible information with regard to the conduct of public business be made easily and readily available to the representatives of the people and the public generally;

And whereas it is the practice in every Legislature in this Dominion for the Government to facilitate as much as possible the passing of any motion for an order to answer questions put by members, or a return concerning public business, when the subject matter thereof is relative and not of a purely vexatious character;

Be it therefore Resolved, that this Legislature is of the opinion that all motions submitted by members for the purpose of securing any reasonable information as to the conduct of public business of the Province (except such as may be against the public interest and of a strictly confidential character) be given favourable consideration at the hands of the Government and that the same be facilitated in every way in order that the public may have complete and accurate information as to the conduct of Provincial business, and that same be made readily available to the public in the records of the House.

Moved by Dr. Stewart, seconded by Mr. Pearson:

Whereas, it was the intention of this Legislature when it passed the Public Utilities Act, being Chapter 53 of the Statutes of Alberta, for 1923, that the Board of Public Utility Commissioners should not, without the consent of the parties thereto, have the power to vary an existing contract, so as to change in a manner inconsistent with the provisions of such contract the rates to be charged for any commodity mentioned under the Act, in cases where a contract had been entered into between the utility company and a municipality prior to the first day of May, 1923, and;

Whereas, the Courts of the Province of Alberta have held that the Board of Public Utility Commissioners have the power under the said Act, in regard to contracts entered into prior to the first day of May, 1923, to change in a manner inconsistent with the provisions of the contract the rates to be charged for commodities therein specified, and;

Whereas, the Board of Public Utility Commissioners have in certain cases brought before them, increased the prices of the commodity in cases where there was a contract dated prior to the first day of May, 1923, to the detriment of the public using the said commodity;

Now therefore, be it Resolved, that this House is of the opinion that the said Public Utilities Act, being Chapter 53, of the Statutes of Alberta, for 1923, should be so amended as to take away from the Board of Public Utility Commissioners, the power to vary the rates for commodities in a manner inconsistent with the contract where such contract has been entered into prior to

the first day of May, 1923, and that all rates for commodities which have been changed by such Board of Public Utility Commissioners shall be replaced at the rates mentioned in the said contracts and that all contracts should be reinstated in the same terms and conditions as they were prior to any decision of the Courts of the Province of Alberta or of the Board of Public Utility Commissioners made or based upon the said Chapter 53 of the Statutes of Alberta, for 1923.

A debate followed.

The Hon. Mr. Brownlee moved the adjournment of the debate, which was agreed to.

Moved by Mrs. McClung, seconded by Mr. Marshall:

Whereas the recent inquiry into conditions prevailing in the Lethbridge jail have brought to light evidence of carelessness, inefficiency, and cruelty which have come as a great shock to the people of this Province, and whereas grave doubts have been created in the minds of the people of this Province as to conditions in some of the other institutions of the Province;

Be it therefore Resolved, that in the opinion of this House similar investigations should be made at once into the conditions and management of the Fort Saskatchewan jail, and the Mental Hospital at Ponoka.
